

ChEESE Advanced training: Lightning talk

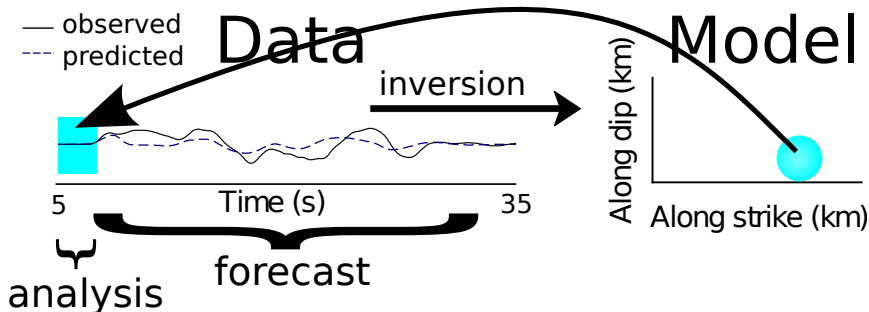

Hugo Sánchez-Reyes

Tuesday 20th October, 2020

ISTerre, Université Grenoble Alpes

I am Hugo:

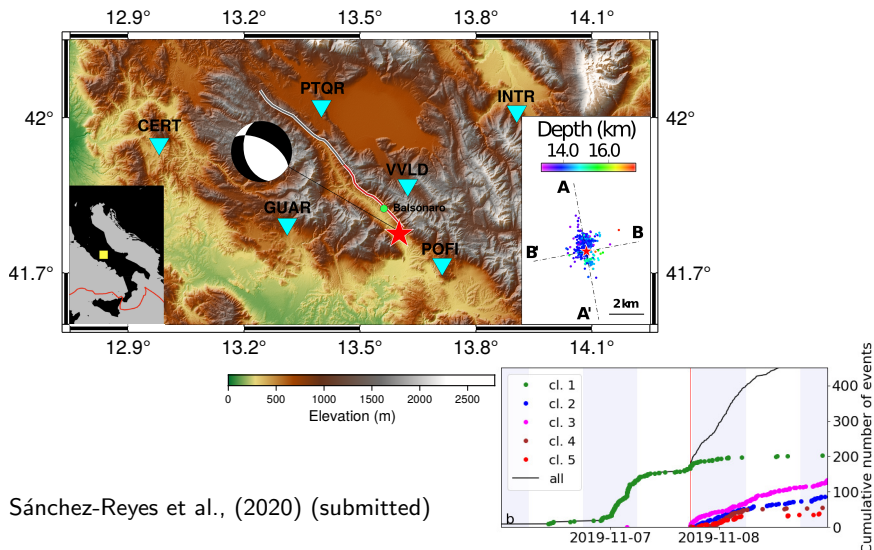

- Ph.D. in Earth Sciences (Université Grenoble Alpes)
- Currently a postdoctoral researcher at Institut des Sciences de la Terre
- My research focus on: seismic sources, earthquake monitoring, inverse problems
- Some colleagues: Piero Poli, Jean Virieux, Ludovic Métivier, Josué Tago, Victor Cruz-Atienza, Vala Hjorleifsdottir

Progressive data assimilation technique
to reconstruct the time-space kinematic source model

Sánchez-Reyes et al., (2018)

2019 (M_w 4.4) Balsorano earthquake and its sequence

Sánchez-Reyes et al., (2020) (submitted)

Nice to meet you all!
